(кіріс құжатының күні мен нөміріне сілтеме)

DEAR COLLEAGUES!

International Educational Corporation (Kazakh Leading Academy of Architecture and Civil Engineering) is pleased to invite you to participate in the XI International Festival of Architectural, Civil Engineering and Design Schools of Eurasia which will be held in October, 2023 at International Educational Corporation (Almaty, Kazakhstan).

Organizer: International Educational Corporation (Kazakhstan).

Within the framework of the Festival, an International Review Competition for the best graduation works is held. Graduates of the years 2021 and 2022 of architectural, construction and design majors are invited to participate. Participation in the Review Competition provides an opportunity for graduates to demonstrate the best achievements in the field of architecture, construction, and design. The participants and the jury of the review competition will mark the best student projects and master's theses, which will give a chance for architecture and construction schools in the world to introduce innovations and new technologies.

In 2021, the X International Festival of Architectural, Civil Engineering and Design Schools of Eurasia, which was held at the Novosibirsk State University of Architecture and Civil Engineering (Russia), gathered 16 countries of Eurasia on its site. 531 best graduation works were presented at the International Competition.

Terms of provision of graduation projects for the Review Competition:

- the graduation works of the years 2021 and 2022 (Bachelor and Master programs) in the field of "Architecture", "Design", "Civil Engineering", "Manufacturing of Building Materials, Items and Structures", "Geodesy and cartography", "Land management", "Cadaster" are allowed to participate in the competition (Attachment 1). Following the rules, only 1 project from 15 graduates of 2020-2021 (or 2021-2022) academic years is to be presented:

- official languages of the Festival are Kazakh, Russian, and English;
- the deadline for sending applications for participation in the International Review Competition (Attachments 2,3) and a set of electronic materials of provided works is the **15th of April 2023**. All the materials are to be sent to the electronic addresses of the chairmen of training and methodological commissions by majors (Attachment 4).

Attachments:

1. Attachment 1. A list of Nominations of International Review Competition of graduation projects.
2. Attachment 2. Requirements for electronic versions of provided works.
3. Attachment 3. Application form for participation in the International Review Competition of graduation projects. Information about the author, graduation work and the work supervisor.
4. Attachment 4. Contacts of the chairman of training methodological commissions by majors.

With the best regards,

Rector

M.B. Imandossova
